ALMATY 2021

On April 12, representatives of the scientific community celebrate their professional holiday in Kazakhstan - Day of Science. It was established the President of the Republic , October 20, 2011.

The date of the celebration associated with the birthday of the academician Kanysh Satpayev, the first President of the Kazakh Academy of Sciences.

The priority of science development as the leading productive force of society and knowledge application in practice in order to improve living conditions have a paramount importance in the 21st century.

Science and innovation are the driving forces for the competitiveness of any country. Our meeting today has a goal to share experience of our partners from different universities and different countries in the field.

The scope of our conversation concerns the state of scientific work of students and teachers; development of innovations within university; the real cases of success and pressing issues of the development of these types of activities.

We invited to take part in our conversation:

- Yevgeniya Alexandrovna Daineko. PhD, Vice-rector for scientific and international activities IITU.
- Mikhail Komarov. Professor, the Higher School of Business, Department of Business Informatics, Russia.
- Dr.Suzaida Bakar. Phd in Finance. University Tenaga Nasional (The Energy University) Malaysia, Head of Department Diploma and Foundation Studies, College of Business and Accounting. Malaysia.
- Dr Paul Gilliam, Education Researcher, Lancaster University, London, United Kingdom.
- Seitgali Galiyev. Professor, Doctor of Technical Science, Corresponding Member of the National Academy of Sciences of the Republic of Kazakhstan.
- Gulnaz Zhanatovna Alibekova. Deputy Director for Science of the Institute of Economics of the Ministry of Education and Science of the Republic of Kazakhstan.
